

POP Impact Lab

New Homepage — Wix Studio Build Guide

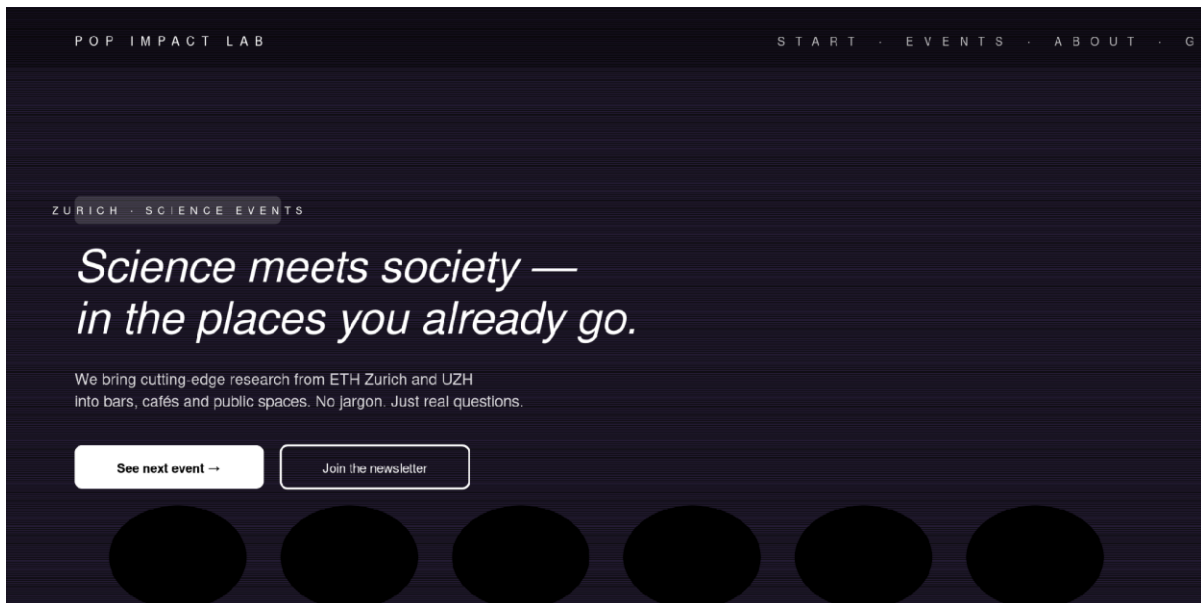

Fonts

Big titles: Anton
Small titles: Avenir
Text: Avenir Light

Colors: lila #B6A1D2, white, black

A) Home page

1. Hero

Dove trovarla in Wix Studio

Path: Add → Section → Hero / Welcome / Cover

Cerca una sezione full-bleed con immagine di sfondo e testo sovrapposto. Evita le hero con split 50/50 — non è il vibe POP.

Mask consigliata

Nessuna mask sull'immagine background (full-bleed). Opzionale: piccolo Blob mask come accent decorativo viola in angolo.

Personalizzazione

- Sostituisci immagine background con una foto dell'evento dalla gallery (la wide-shot con la folla).
- Aggiungi overlay nero al 50-60% (Inspector → Background → Overlay).

- Sposta il testo a sinistra con padding generoso (~80px).
- Aggiungi eyebrow tag 'ZURICH · SCIENCE EVENTS' sopra il titolo.

Testi pronti

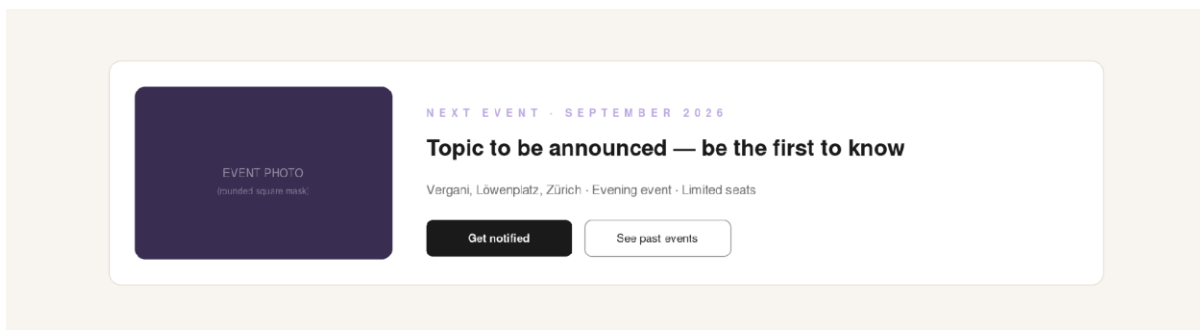

Headline: Science meets society, in the places you already go.

Subhead: We bring cutting-edge research from ETH Zurich and UZH into bars, cafés and public spaces. No jargon. No academic distance. Just real questions and room to think.

CTA primary: Join the newsletter

TIP — Su mobile, la headline gigante può rompersi male. Usa font-size: clamp(36px, 8vw, 64px) nel pannello CSS di Studio per renderlo fluido.

2. Next Event

Dove trovarla in Wix Studio

Path: Add → Section → Events / Featured / Card

Cerca 'Featured item with image and text side-by-side' o 'Event card horizontal'. In alternativa: Add → Layout → Split 40/60.

Mask consigliata

Rounded square (radius 12-16px) per la foto evento. Moderno e versatile. In alternativa, Diagonal cut mask se vuoi più carattere editoriale.

Personalizzazione

- Eyebrow tag 'NEXT EVENT · SEPTEMBER 2026' in bianco sopra il titolo.

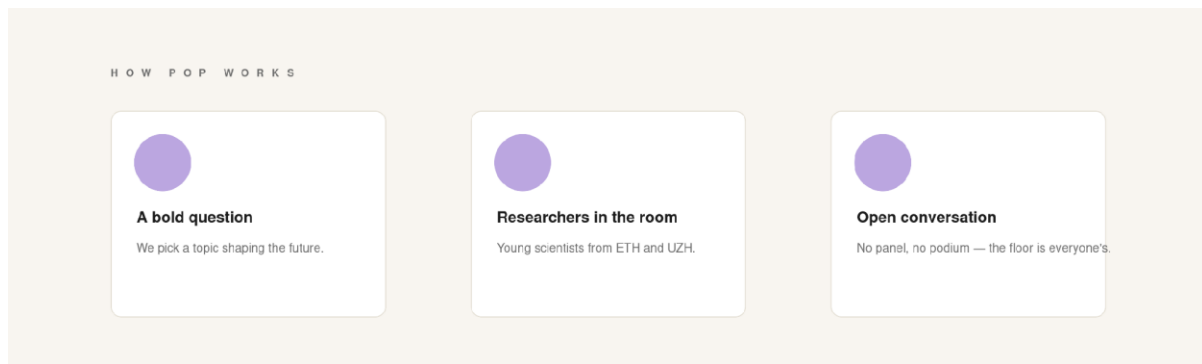

Testi pronti

Headline: Topic to be announced — be the first to know.

Subhead: Vergani, Löwenplatz, Zürich · Evening event · Limited seats

CTA primary: Details

3. How POP Works

Dove trovarla in Wix Studio

Path: Add → Section → Services / Features / Process / Stepsse

Cerca '3 columns with icons and text' o 'How it works'. È uno dei layout più comuni, ne troverai 10+.

Mask consigliata

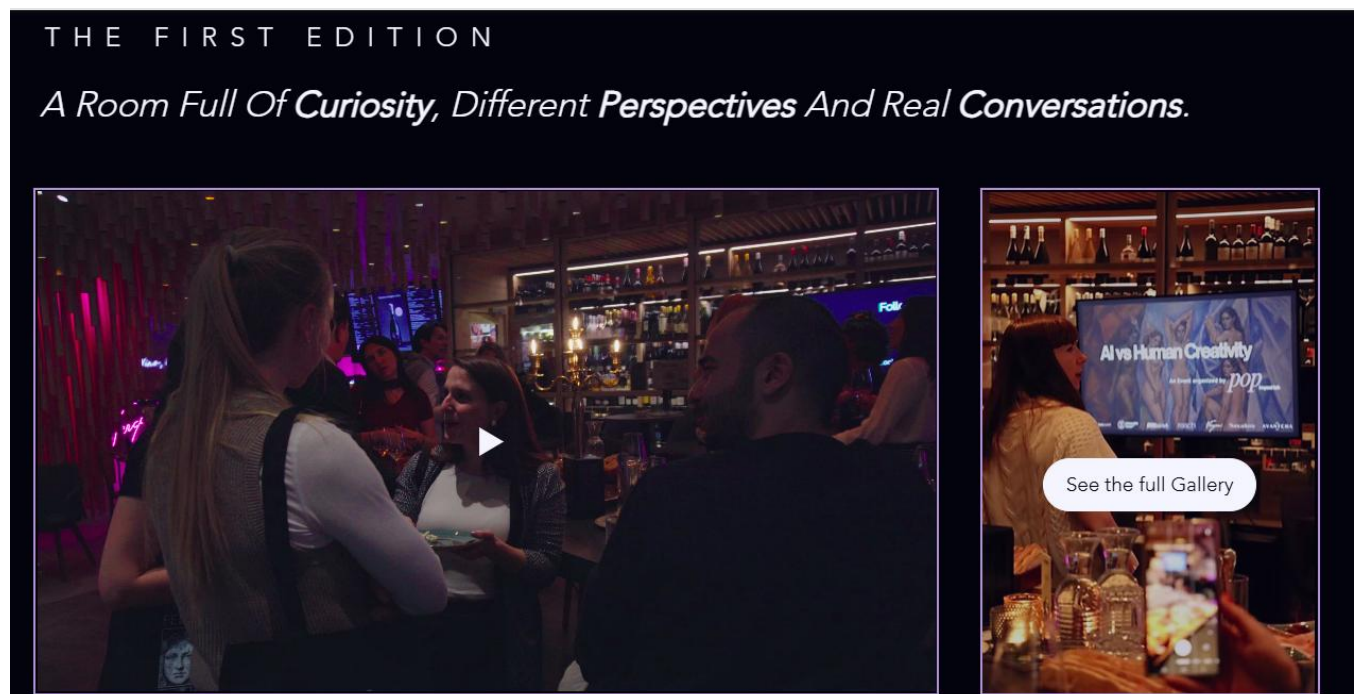

Circle mask dietro l'icona, riempita lilla (#BBA6E0). Crea l'effetto badge classico. Mantieni le 3 icone con la stessa identica mask.

Personalizzazione

- Step 1: icona lightbulb · 'A bold question' · 'We pick a topic shaping the future.'
- Step 2: icona users · 'Researchers in the room' · 'Young scientists from ETH and UZH.'
- Step 3: icona speech bubble · 'Open conversation' · 'No panel, no podium. The floor is everyone's.'

TIP — Usa le icone outline (line-style) anziché filled. Sono più eleganti e si abbinano meglio al tono editoriale del sito.

4. Social Proof — The First Edition

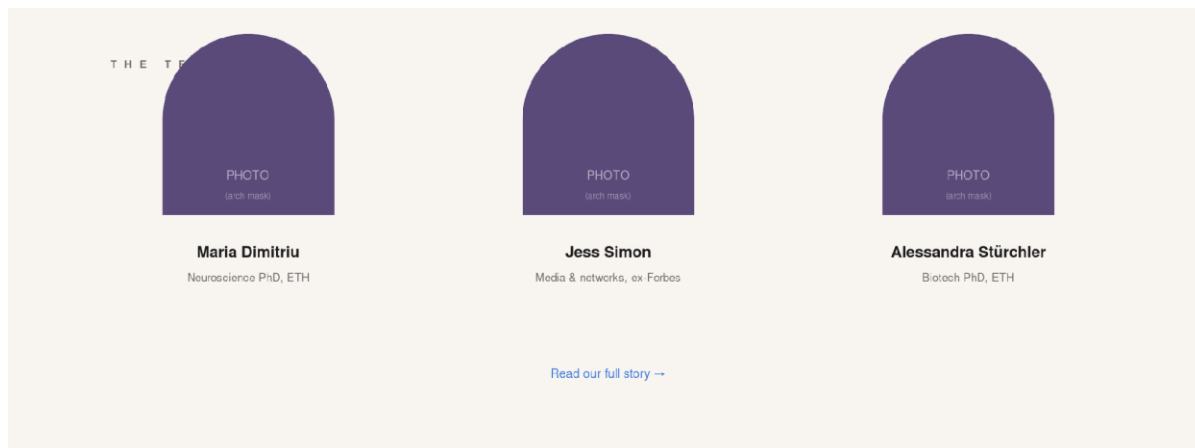

Dove trovarla in Wix Studio

Personalizzazione

- Sopra le foto: pull-quote in serif italic 'A room full of curiosity, different perspectives and real conversations.'
- Video promoter event + 1 foto dalla gallery del primo evento
- Sotto: link 'See full gallery →' che porta alla pagina Gallery completa.

5. Team

Dove trovarla in Wix Studio

Path: Add → Section → Team / About us / Members

Cerca 'Team grid 3 columns with circular photos' o 'Meet the team'. È quasi sempre un preset diretto.

Mask consigliata

Arch mask (cerchio in alto, base dritta) come elemento distintivo del brand. È moderna, non over-used. In alternativa, Circle mask classico.

Personalizzazione

- The team title, with subtitle who we are
- “Three women, different cultures, one shared refusal: letting the science that shapes our future stay out of reach.”
- Card 1: Maria Dimitriu — Neuroscience PhD, ETH
- Card 2: Jess Simon — Media & networks, ex-ForbesP
- Card 3: Alessandra Stürchler — Biotech PhD, ETH
- Link sotto le 3 card: 'Read our full story →' verso /about

6. Partners

IN COLLABORATION WITH

ETH Zürich

UZH

Life Science Zurich

Reach

Vergani

Dove trovarla in Wix Studio

Path: Add → Section → Logos / Clients / Brands / Trusted by

Cerca 'Logo bar' o 'Trusted by row'. Layout orizzontale singola riga.

Mask consigliata

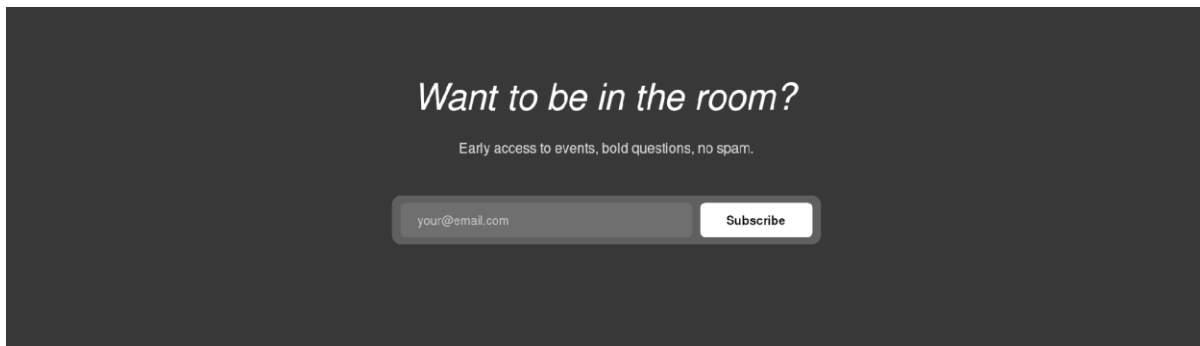

NESSUNA mask. I loghi devono restare rettangolari e ben respirati. Setta tutti i loghi a stessa altezza (~50-60px), allineamento centro.

Personalizzazione

- Eyebrow: 'In collaboration with' (non 'Thank you' come ora).
- Logos: ETH Zürich, UZH, Life Science Zurich, Reach, Vergani, Suncademy, Avantcha.
- Filtro: grayscale di default, full color on hover (Inspector → Filter → Saturation).

TIP — Se hai più di 5 loghi, valuta una seconda riga invece di stringerli. Loghi schiacciati = sembrano poco importanti.

7. Newsletter CTA

Dove trovarla in Wix Studio

Path: Add → Section → Newsletter / Subscribe / CTA

Cerca 'Newsletter signup centered' o 'Subscribe with background color'. Layout centrato, compatto.

Mask consigliata

Nessuna mask. Sezione semplice a fondo scuro. Se vuoi un decorativo: piccolo Blob o Stripe pattern in un angolo (vedi SVG strisce nel doc precedente).

Personalizzazione

- Background: nero (#0A0A0A) o viola scuro (#3A2D52).
- Headline serif italic: 'Want to be in the room?'
- Subhead: 'Early access to events, bold questions, no spam.'
- Form inline: campo email + bottone 'Subscribe' bianco.

- Confirmation message dopo submit: 'Thanks for stepping into the conversation.'

TIP — *Collega il form al tuo Wix Email Marketing per la newsletter. Inspector → Connect → Subscriber list.*

B) Events

Title: our events

C) About

Title: about POP

Paragraph1: "Science shapes our world.
Most people are not part of the conversation.

We change that."

Paragraph2: "POP Impact Lab **translates complex research into public dialogue.**
We bring cutting-edge topics into spaces where people already meet.

No jargon.
No intellectual performance.
No academic distance.

Just real questions.
And room to think.

We work with young researchers from ETH Zurich and UZH who want their work to matter beyond academia.

Because knowledge should not stay behind closed doors.

The public deserves access to the ideas that shape their future."

Second title: Meet the team

Paragraph: "Three minds.
One mission: open science to society."

Team mates description + link to linkedin and ig

Maria Dimitriu

Science Translator & Cognitive Explorer

Maria is a PhD candidate in molecular neurobiology at ETH Zurich, where she studies the long-term effects of stress on the brain. She is passionate about connecting science with society through communication, outreach, and policy. She has organized and moderated scientific events for audiences ranging from specialists to the general public.

Jess Simon

Network Architect & Media Strategist

Jess builds networks at the intersection of media and culture, with experience managing communities of over 5,000 people. With a background at Forbes, she focuses on public-facing storytelling and has moderated events designed to spark collaboration beyond traditional institutional settings.

Alessandra Stürchler

Biotech Innovator & Impact Builder

Alessandra holds a PhD from ETH Zurich, where she developed new non-invasive methods for early disease detection. She is a builder at heart, happiest in the space where research meets the real world. She loves joining the dots to turn scientific ideas into tools that have a direct impact on people's lives.

D) Gallery

Paragraph: “A room full of **curiosity**, different **perspectives** and real **conversations**. This is what POP Impact Lab events look like.”

F) Privacy & Cookie Policy

POP Impact Lab is committed to protecting your privacy. This policy explains how we collect and use personal data, and how we use cookies and similar technologies on this website. It applies to all visitors of popimpactlab.com and is written in compliance with the Swiss Federal Act on Data Protection (nFADP) and the Telecommunications Act (TCA).

1. Privacy

Who we are

POP Impact Lab is a public engagement initiative based in Zürich, Switzerland. We organise science events that bring cutting-edge research into public spaces. For any questions about this policy or your personal data, you can contact us at:

popimpactlab@gmail.com

What data we collect

We only collect personal data that is necessary for the purposes described in this policy. This may include:

- Contact details: name and email address you provide voluntarily through contact forms, newsletter sign-ups or event registrations.
- Event registration data: responses to registration forms when you sign up for a POP event (e.g. dietary preferences or accessibility needs).
- Technical data: browser type, device information, IP address and pages visited, collected automatically when you use our website.
- Analytics data: anonymised information about how visitors interact with the website, used to improve its content and usability.

We do not collect sensitive personal data (e.g. health, political opinions, or financial information) unless explicitly required and consented to for a specific event.

How we use your data

We use the information collected to:

- respond to your messages or enquiries
- manage event registrations and send event-related communications
- send newsletters or updates if you have subscribed
- improve the website and understand how it is used comply with legal obligations

We do not sell, rent or share your personal data with third parties for commercial purposes

Legal basis for processing

Under the Swiss nFADP, we process your personal data on the following legal bases:

- Consent: for newsletter subscriptions and non-essential cookies.
- Contractual necessity: to manage your event registration and fulfil our commitments to you.
- Legitimate interest: for basic website analytics and security, where your rights are not overridden.

Data retention

We retain your personal data only for as long as necessary for the purposes described above, or as required by law. Newsletter subscriber data is kept until you unsubscribe. Event registration data is retained for up to 2 years after the event.

Your rights

Under Swiss data protection law, you have the right to:

- access the personal data we hold about you
- request correction of inaccurate data
- request deletion of your data
- withdraw consent at any time (e.g. unsubscribe from our newsletter)
- object to certain types of processing

To exercise any of these rights, please contact us at the email address above. We will respond within 30 days.

Third-party services

Our website is built on Wix (wix.com), which may process technical data on our behalf. We may also use services such as email marketing tools. These third parties act as data processors and are bound by appropriate data protection agreements. We do not use advertising networks or share your data for targeted advertising purposes.

2. Cookies

What are cookies

Cookies are small text files stored on your device when you visit a website. They help websites recognise returning visitors, remember preferences and understand how the site is used. Similar technologies (such as pixels or local storage) may also be used for the same purposes.

What cookies we use

We use the following categories of cookies:

- Strictly necessary: essential for the website to function correctly (e.g. security, session management, load balancing). These do not require your consent.
- Analytics & performance: used to understand how visitors interact with the website (e.g. which pages are visited most). This data is anonymised or aggregated where possible. These are set by Wix's built-in analytics.

We do not use advertising cookies, cross-site tracking cookies, or cookies that build detailed personal profiles.

Your cookie choices

In line with Swiss cookie guidelines (FDPIC, updated October 2025), you have the right to opt out of non-essential cookies. You can manage your preferences in the following ways:

- Cookie banner: when you first visit the site, you will be shown a cookie notice with the option to accept or decline non-essential cookies.
- Browser settings: most browsers allow you to block or delete cookies through their settings. Note that disabling all cookies may affect how parts of the website function.

Learn more about cookies at: www.allaboutcookies.org

Updates to this policy

We may update this Privacy & Cookie Policy from time to time to reflect changes to the website, our practices, or applicable regulations. The date at the top of this page indicates when it was last revised. We encourage you to review it periodically.

G) Terms & Conditions

This website is currently under development.

The information provided is for general informational purposes only and may change as the project evolves.

All content, including text, images, and design elements, belongs to POP Impact Lab unless otherwise stated and may not be reproduced without permission.

By using this website, you agree that POP Impact Lab cannot be held responsible for any inaccuracies, omissions, or changes to the information provided.

Further legal information, including full terms and privacy policies, will be published as the platform develops.

H) Refund Policy

POP Impact Lab organises public science events in Zürich. This policy outlines the conditions under which refunds are available for ticketed events. Free events do not require registration cancellation unless otherwise stated.

Free Events

Some POP Impact Lab events are free of charge. No payment is required, and therefore no refund applies. If you can no longer attend, we kindly ask that you cancel your registration so your spot can be offered to others on the waitlist.

Ticketed Events

For events that require a paid ticket, the following refund conditions apply:

- More than 7 days before the event: Full refund available upon request.
- Between 3 and 7 days before the event: 50% refund available upon request.
- Less than 3 days before the event: No refund available, except in exceptional circumstances (see Section "Exceptional Circumstances").

Refund requests must be submitted in writing to our contact email before the applicable deadline.

Event Cancellation or Rescheduling by POP Impact Lab

If POP Impact Lab cancels an event, all ticket holders will receive a full refund automatically.

If an event is rescheduled, ticket holders will be notified and may choose to keep their ticket for the new date or request a full refund within 7 days of the rescheduling announcement.

Exceptional Circumstances

We understand that unexpected situations arise. If you are unable to attend due to illness, emergency, or other exceptional circumstances, please contact us as soon as possible. We will review requests on a case-by-case basis and do our best to find a fair solution.

How to Request a Refund

To request a refund, please contact us at: popimpactlab@gmail.com
